Trainee Facade Designer, Mero Asia Pacific Engineering Pvt Ltd

2023 Dec – 2024 Dec
Chennai, India

- Provided **CAD and BIM support** for façade engineering projects, including **Navi Mumbai International Airport**.
- Produced **AutoCAD fabrication and detailed drawings** for façade components in coordination with architects and engineers.
- Developed **Revit BIM models and 3D detailed views** for complex façade areas, including atrium and glazed spaces.
- Assisted in façade design coordination considering **glazing systems, constructability, and design feasibility**.
- Supported senior designers in preparing **production drawings and design revisions** based on consultant feedback.

Education

Bachelor of Civil Engineering, St Joseph's College of engineering

2024

- Strong foundation in **structural design, building materials, construction technology, and engineering drawing**.
- Academic exposure to **building construction methods and material behavior**.

Chennai, India

Diploma in Polytechnic, BWDA Polytechnic college

2021

Studied **building construction, materials, surveying, and structural fundamentals**.

Kanyakumari, India

Courses

Building Information Modeling (BIM) Using REVIT Architecture, CADDAM Technologies Pvt. Ltd.

2023 May

Advanced Total Station, Ladder survey institute of technology

2023 Jul

Certificates

- AutoCAD 2D
- Cambridge assessment

Projects

Design and Analysis of 3BHK Villa, Done as B.E mini project

2023

In this Project, Planning and Designing of the Building is done by using AutoCAD and analysed the loads using STAADPro

Skills

AutoCAD — Façade fabrication & shop drawings

Revit architecture — BIM modeling & coordination

SketchUp

Mircosoft Office — Drawings, documentation, BOQs support

Façade Detailing — Terracotta cladding, glazing systems
